

YIFAN

Crawler-type Cone Crusher Plant

Leading crushing and screening equipment manufacturer in China

Zhengzhou YiFan Machinery Co.,Ltd(the share-holder is Shande Technology (Beijing) Co., Ltd) has its headquarter in Beijing. It is a famous manufacturer of crushing and screening equipment and provides series stone crusher and crushing equipment for customers.

YIFAN

ZHENGZHOU YIFAN MACHINERY CO.,LTD

Tel:+86 371 64628852 Web : www.yfcrusher.com Add : Zhengyuan Rd, Xingyang, Zhengzhou Henan 450100, China

Mobile cone crushing plant is made by YIFAN, is a new kind of high efficient crushing equipment, which is of advanced technology, fully featured and can be driven by itself. The deft design of crawler enables it to reach and possible spot of the work site even under horrible terrain condition. The flexibility helps eliminate unnecessary processes and makes it more convenient in the coordination of accessory machineries and crushing plant. As excellent and integrated design as it is, this plant can be easily transmitted to work site on a trailer and starts working once gets to the spot.

Features and Benefits

Technique Feature of mobile cone crushing plant:

1. Good performance Cummins diesel engine, low fuel consumption, low noise, reliable performance. Engine equipped with low temperature preheating set-up device, it makes the equipment easily start in low temperature.
2. terpillar form, high strength, it has good adaptability for mountainous region and wetland.
3. Travel motor, big driving force; full power variable open hydraulic system, good performance.
4. Operating system can realize promise travel speed.
5. Compact structure, reliable performance. Screening equipment is 20 degrees angle, high screening efficiency.

Performance Features of mobile cone crushing plant:

1. Mobile cone crushing plant is equipped with high performance SMH hydraulic cone crusher, which is produced by YIFAN itself, big crushing ratio and high production.
2. Vibrating screen can make host keep full load operation to achieve Ideal productivity
3. High power hydraulic drive ensures accurate control of crusher and removes the blocking.
4. Hydraulic control discharge port can regulate discharge gate size, reducing adjustment time.

Applications

Mobile cone crushing plant has got the supports of a large number of building materials, construction waste, open coal mine, mineral mining, sand and cement enterprises.
